EX PARTE INTERVIEW

Applicant requests an interview with the Examiner to discuss any potential questions or issues that the Examiner may have.

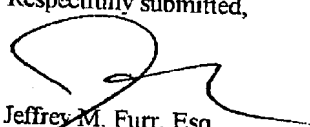

REMARKS - General

Also applicants have rewritten all claims to define the invention more particularly and distinctly so as to overcome the technical rejections and define the invention patentably over the prior art.

Conclusion

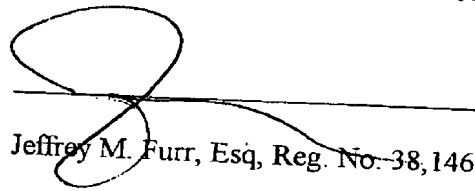

For all of the above reasons, applicant submits that the specification and claims are now in proper form, and that the claims all define patentably over prior art. Therefore the applicant submits that this application is now in condition for allowance, which action is respectfully solicited.

Respectfully submitted,
